

SPARKLE CLOTH

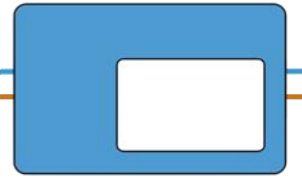

WARNING:

The patterns shown give an indication of colour. However a slight variation must be expected between dye batches, and monitors. All flame retardant materials should be kept free of dust as this may provide a fire source. Goods are offered subject to our Terms & Conditions of trading, a copy of which is available on request. We highly recommend viewing fabric samples before placing an order or manufacture.

SPARKLE CLOTH

Perfect for • Decorative/Scenic • Film & TV • Stage

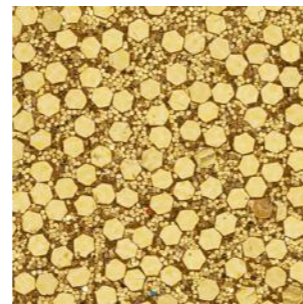

Sparkle Cloth is a heavyweight, sparkling cotton backed fabric suitable for use across the theatrical and live event industries. Lighter and more flexible than Glitter Cloth with a finer sparkle and a smooth finish. Not stocked as flame retardant, but can be chemically treated by using Fire Check.
