## DOUBLE FORMAT

**DOUBLE FORMAT:** a revolutionary new concept!

**DOUBLE FORMAT - 16:9 RATIO**

**DOUBLE FORMAT—2.35:1 RATIO**

The **DOUBLE FORMAT** is a very innovative screen that introduces a *new concept* in the *Home Cinema philosophy*.

The **DOUBLE FORMAT** is made with an *aluminium housing* which contains *two separate motorized rollers*; on each roller you will have a different projection screen.

The unique aspect of this screen is that you can choose within two formats and different projection cloths.

The **DOUBLE FORMAT** is standard supplied with integrated R. F. remote control that enables you to open, stop and close each one of the projection screens.

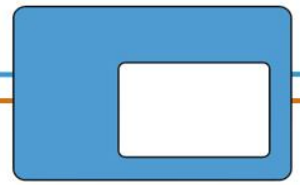

If you choose two different formats, the *centre of projection* on both cloths will be *at the same position*.

This feature is very important because enables you to fix the projector in the desired position and you will not have to move it, when changing one of the two formats.

### ESSENTIAL FEATURES:

- Radio Frequency remote control and wall/ceiling brackets are included
- Housing is entirely made of ALUMINIUM and painted with white epoxy powders (RAL 9010)
- Aluminium counterbar and side plates painted with black epoxy powders (RAL 9005)
- Housing dimensions: 228x145 (W x H in mm.)
- Maximum black drop on the top: 50 cm.
- Side borders width 5 cm.
- Choice of several projection cloths

**WARRANTY:** - 5 years on the motor  
- 24 months on the other components
